SUBJECT: Notification that Bernardi Italian Foods Produced a Cheese Roll-up Product in Violation of the Child Nutrition (CN) Labeling Program

CONTACT: Kim Loveland

PH: (801) 538-7562

A recent inquiry brought to FNS' attention the inappropriate use of CN labeling on a cheese roll-up product. The company was producing a CN labeled product without a final approval for the label or formula. The following course of action, as supported by the regulations, will be taken against Bernardi Italian Foods, establishment 8545: the label for the cheese roll-up product **East Side Entrées™ 3.5 oz Cheese Roll-up, CN ID number 062444**, is barred from use, as it has no final approval from the Food and Nutrition Service. If the company wishes to produce the above product, they must submit a new label for final approval which will be assigned a new identification number. The Food Safety and Inspection Service will also be notified and may take action against the company.

Therefore, please note that any product received with CN label number 062444, was not produced with a final approval and therefore does not carry a USDA warranty for use in CN programs.
